AUDIO VISUAL PRODUCTION

LIVE BROADCAST & STREAMING

Our experience with live streaming production boomed since COVID19 with virtual and hybrid global events becoming a necessary and expected part of our production arsenal. The new normal of corporate event needs has kept us adapting to changing client brand and company goals. We keep an open mind to ensure the solution is right for your purposes and then deliver!

AUDIO

Crystal clear sound reproduction is what we deliver for entertainment and presentations. If you have something important to say, your audience will effortlessly receive it via our fully digital audio systems. Large or small, we fit your needs for perfect sound.

AUDIO VISUAL PRODUCTION

VISION

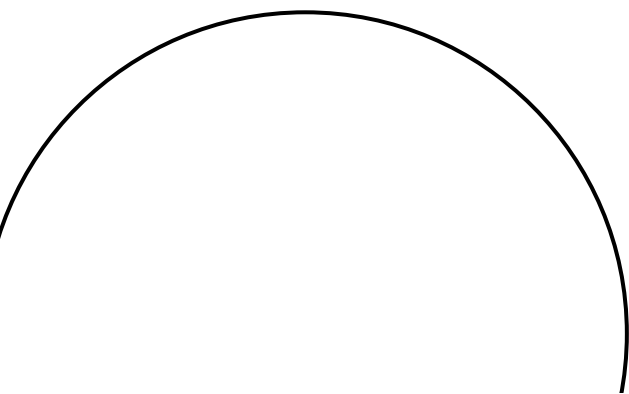

We provide best practice ultra high definition vision systems to suit your budget and desired event outcome. We offer our clients the full suite of vision equipment and we can tailor to suit any sized project. Our ability to scale our production makes us a go-to for any event no matter the size, location or budget.

LIGHTING

Clean and cable free corporate installations. Our inventory enables a wide range of lighting installation diversity whether your vision is room ambience or the full stage enchilada, we have what you need.

RIGGING & STAGING

We can tailor staging for your needs small or large. We work with the best riggers in the business so don't hold back.
